

# St Mark's C.E. Primary School & Little Lions' Nursery

## Newsletter:

Dear Parents/Carers,

I hope that you have had a lovely holiday and spent some well-deserved time with your loved ones.

We have had an absolutely brilliant first week back at school this week; all the children have been extremely busy learning new things and taking on new challenges.

Little Lions' have been using different junk modelling equipment this week to make rockets. The children were very keen to talk to me about all of the parts of their rockets and why they had chosen each piece of material.

All of the children in Reception have been excited to learn about healthy and unhealthy foods. They even went outside and dug up their own potatoes. They are going to make their own healthy soup next week. I look forward to tasting it!

The children in Year 1 and 2 had an amazing time at the Sea-Life Centre in Blackpool. They were beautifully behaved from the coach ride, to arriving back into school this morning. The teachers were extremely proud of how the children acted throughout the trip and were really pleased to see how much enjoyment and learning the children got out of the trip. They really are an asset to our school!

Year 3 have been working on shape in Maths this week. They have been really engaged in exploring parallel lines and irregular shapes. It has been a really interesting topic for them. Year 4 have practising for their Let's Sing performance, which is fast approaching. They are sounding fantastic in rehearsals.

The children in Upper Key Stage Two have become scientists this week. They have been exploring the relationship between voltage and bulb brightness. They have loved experimenting with circuits, making hypothesis and observations, as well as recording their findings.

Thank you to all of the parents/carers that attended the CFL afternoons in school this week; It was great to see you in the classes.

Have a lovely and safe weekend,

Mrs K Ferguson

Headteacher Mrs K Ferguson
